

## Keep visual hackers in the dark.

You see your screen with crisp image clarity, while prying eyes beside you see only a black or gold screen. Advanced microlouvre technology “blacks out” side views with world-class effective privacy. That’s why people worldwide trust 3M™ Privacy Products to help keep their private information private, and why 3M is a leader in visual privacy protection.

### Key risk areas

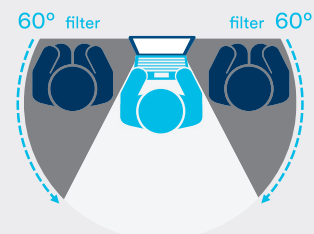

### Introducing 3M™ COMPLY™ Attachment System

Now you see it...

Now they don't.

3M™ Privacy Filters – now with 3M™ COMPLY™ Attachment System.

Visual hackers are kept in the dark.

### Privacy solutions.

- From the side, onlookers only see a darkened screen
- 3M™ Privacy Filters fade to black starting at the 30° side angle
- Effective “black-out” privacy from side views outside the 60° viewing angle

on your screen for  
your eyes only.

3M™ Privacy Products

## 3M™ Privacy Filters for touch laptops, tablets and smartphones

### 3M™ Black Privacy Filters for touch laptops

- Helps protect from visual hackers without getting in the way of using your device
- Ultra thin and responsive
- Great for high-resolution screens
- Smooth, satin-like matte finish
- Extends edge-to-edge on flat-front glass displays

### 3M™ Privacy Filters for tablets

- Easy to attach, remove and reattach so you can share your screen when you want to
- Ultra thin with consistent touch responsiveness
- Fingers slide and swipe easily on smooth, satin-like matte surface
- See fewer fingerprints and more of what's on your screen

### 3M™ Privacy Filters for smartphones

- Effective privacy in portrait mode; change device orientation for shareable screen viewing
- Reduces 35% of blue light transmission from the display
- Gives screens a durable layer of added protection
- Thin and touch sensitive
- Residue-free, adhesive-backed screen protector attaches easily and removes cleanly

## 3M™ Anti-Glare Filters

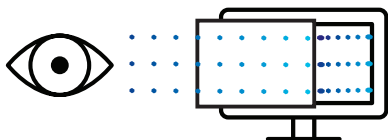

### 3M™ Anti-Glare Filters

- Diffuses light and helps reduce glare
- Improves view in challenging indoor light conditions
- Compatible with most touchscreen displays
- Helps protect from dust and scratches
- Matte surface cleans easily and hides fingerprints

## Blue-light reduction

All 3M™ Privacy Filters  
**reduce 35%**  
of blue-light transmission  
from the display\*

\*Based on internal 3M testing. For Privacy Filters only,  
excluding 3M Anti-Glare Filters

## 3M™ Framed Privacy Filters

### 3M™ Framed Privacy Filters

- Anti-reflective surface creates a high-quality, high-contrast viewing experience
- Two easy attachment methods: Command™ Strips or hanger arms
- Easy to remove for collaboration or to clean as needed
- Great for high-resolution monitors

## 3M™ Gold Privacy Filters

### 3M™ Gold Privacy Filters

- Proprietary gold effect projects a vibrant golden shield to side views
- On average 20% more clarity than standard 3M™ Black Privacy Filters
- Great for high-resolution displays
- Glossy finish for incredible clarity
- Reversible to glossy black

## 3M™ High Clarity and Black Privacy Filters

### 3M™ High Clarity Privacy Filters

- Provides premium privacy while maintaining the clarity of your display
- On average 20% more clarity than standard 3M™ Black Privacy Filters
- Glossy finish on both sides for enhanced clarity
- Great for high-resolution displays

### 3M™ Black Privacy Filters

- Reversible between a glossy side and glare-reducing matte
- Maintains incredible image clarity
- Helps protect from everyday dust and scratches
- Easy to attach, remove and clean
