

Home and Small Office Laser Printers

Feature Rich. Budget Minded.
Laser Focused.

Compact
size

Easy to set up
and to operate

Wired or wireless
connectivity options

With many Canadians working or studying remotely, setting up an efficient office space at home has become a priority. To support these customers' needs, Brother offers a range of reliable laser printers and multifunctions that are easy to set up and operate, and are fully featured despite their compact design. They provide a range of connectivity options to make life easier, deliver fast print speeds to accelerate productivity, and use high-yield cartridges to keep costs down.
