

# CHIX 3000 Compostable Foodservice Towels

## Clean + Green

CHIX 3000 towels from Chicopee® are the only available solution for foodservice operators who value the performance and reusability of non-woven towels, and have a focus on the environment by separating compostable waste.

Constructed with a unique, open, wavy texture, CHIX 3000 enables efficient pick up of soil and liquids in light-duty cleaning tasks. Easy to rinse, fast drying and lightweight—CHIX 3000 towels remain clean and fresh longer, thereby decreasing the overuse of paper towels and associated costs.

### Reduce - Reuse - Recycle

By composting, you reduce the amount of garbage you throw out, you reuse the materials, and you recycle the nutrients back into the soil.

**CHIX 3000 is the only compostable towel on the market!**

*It meets DIN EN 13432 2000-12 Standards as tested by an external laboratory and carries the internationally recognized Seedling Logo, granted by DIN-CERTCO.*

### Benefits of compostable CHIX 3000 wipes

- Small apertures pick up particles and rinse easily
- Lightweight fabric dries quickly
- Reusable for light-duty cleaning
- Compostable in professionally managed facilities
