

# Sharpie® EXTREME

FADE RESISTANT

## Sharpie® Extreme Permanent Marker

### The ultimate fade-resistant marker

Fading in sunlight, rubbing off or not staying on materials like plastic—sometimes even permanent markers aren't so permanent. But the Sharpie Extreme Permanent Marker uses a specially formulated ink that delivers fade-resistant marks with bold colours that stay put. The ink delivers up to 96 hours in ultraviolet exposure and increased adhesion on most surfaces. And the new nib delivers more ink, wider lines and higher-contrast colours for bolder marks. Ideal for tough conditions across a range of surfaces, Sharpie Extreme will make sure your mark lasts.

**BOLD, HIGH-CONTRAST COLORS RESIST FADING WHEN EXPOSED TO UV RAYS, RAIN, SNOW AND MUD**

**FINE, DURABLE TIP DELIVERS BOLD COLOR AND LINES ON MOST SURFACES, INCLUDING PLASTIC, GLASS AND WOOD**

AVAILABLE IN A VARIETY OF COLOURS

NEW NIB WITH HIGHER POROSITY DELIVERS MORE INK
